

Design & Construction Management

YEAR 2014
HIGHLANDS
AT A GLANCE...

Highlands, which is tucked away from the noise and pollution of the city, is coming up on 30 acres of land in Mysore overlooking the vast airport premises and the majestic Chamundi Hills. Its location is perfect in terms of connectivity and proximity to hospitals, educational institutions, transport hubs, commercial establishments, places of worships, public parks and lakes.

Highlands - home to the new royalty! True to its tagline, Highlands is being built to exacting standards under the supervision of domain experts to create an abode for the discerning few. Here, we would like to share with you glimpses of our journey since we began a couple of years ago.

YEAR 2014 HIGHLANDS AT A GLANCE...

Highlands has obtained all the statutory approvals from related agencies. The infrastructure being developed at Highlands matches international standards. It exceeds the requirements of local statutory agencies such as MUDA, Jn-NURM, KSPCB and NBC. Highlands is in a league of its own where innovation and benchmark specifications are concerned.

YEAR 2014 HIGHLANDS AT A GLANCE...

Highlands has now initiated works on phase – II development of the township. All those activities which ensure completion of the project are being carried out at a brisk pace.

What's New at Highlands

Highlands, through phase – I, has already demonstrated its intention to deliver a premium township and commitment to quality by showcasing all the constituent works in its "completed form". Highlands shall strive to maintain the same level of standards for the works that are being carried out now under phase - II
